THE PROFESSIONALS

It takes a *Community*

On behalf of the Murrumbateman Community Association, I would like to extend a very warm welcome to Murrumbateman and to the 2025 Murrumbateman Field Days. The Murrumbateman Community Association (MCA) is a voluntary, not-for-profit organisation that has been serving our community since 1936. As the umbrella organisation for many of our local groups and events – including the Murrumbateman Village Markets, Christmas Carols & Twilight Market, Murrumbateman Men's Shed, and Murrumbateman History Group – we are proud to both celebrate and advocate for our region. We work hard to ensure that community voices are heard, and that governments invest in strategic planning and infrastructure to enhance the quality of life in our growing rural community.

The Field Days are our major annual event, running since 1979, and through them we are able to support many local community groups. This year, over 300 exhibitors will take part, and 17 community groups will benefit directly. In previous years, the Field Days have returned more than \$100,000 to local organisations, providing vital funds for their work. It is a true demonstration of rural community spirit – an event built and run by people for the benefit of the people.

I would especially like to thank our extraordinary volunteers. Around 2,000 people contribute their time and energy to make this event possible, and apart from the exhibitors, almost everyone you see helping today is a volunteer. We could not stage an event of this scale without them, and we are deeply grateful for their generosity and commitment.

The Field Days are not only important to our community groups, but also to our region's economy. The event generates an estimated \$7.4 million in economic activity, providing a welcome boost to local accommodation, hospitality, and agribusiness across the Yass Valley. By attending, you are supporting rural businesses and community groups and helping us create a vibrant and sustainable region.

While you are here, I encourage you to take some time to explore the other attractions in our beautiful part of the world. Visit the MCA stall for local tips, including our cool-climate wineries, which are recognised nationally and internationally for producing some of the most premium and distinctive wines in Australia. For such a small region, we truly punch well above our weight.

Thank you for being part of the 2025 Murrumbateman Field Days. I hope you enjoy your time with us and leave with a deeper connection to our community, our people, and our region.

Visit www.yassvalley.com.au to see more of what our region has to offer.

HumeLink East project update

Humelink is one of Australia's largest energy infrastructure projects, connecting renewable energy sources to the grid and helping to put downward pressure on energy prices.

The project consists of 365 kilometres of 500 kV overhead transmission lines connecting Wagga Wagga, Bannaby and Maragle and new or upgraded infrastructure at four substations. Construction will occur in two sections, known as Humelink East and Humelink West. Humelink East Joint Venture (ACCIONA and

Genus) is delivering the eastern section of the Humelink project for Transgrid. This will include construction of around 250 kilometres of 500kV overhead transmission lines and expansion of the Bannaby 500kV substation to connect with the Humelink West section at Wondalga.

We're a proud sponsor of the 2025 Murrumbateman Field Days.

THE HEARTBEAT OF THE FIELD DAYS

Did you know that this event is primarily run by volunteers?

From the 17 community groups who run gates and catering, to the 75 event volunteers who manage logistics, surveys, and support – this event simply wouldn't happen without them.

Some long-time volunteers have stepped back, others have moved away, and new faces sometimes hesitate, wondering: What if I'm no good at it? You won't be left on your own, and the tasks are simple and well-supported. We expect you to enjoy your shift, see the Field Days, and go home knowing you played a small but important part and feel proud of what this event brings to our community.

Volunteering here isn't just about tasks – it's about connection. People show up to working bees a bit late, armed with whipper snippers and gloves, ready to push a line marker or bang in an exhibitor site number. There's chatter, laughter, and a sense of shared purpose. Before long, it's time to do it all again next year – and that's when you reconnect with your Field Days family.

If you'd like to be part of it all, get free entry to the event and some Murrumbateman Field Days merch, please think about signing up in 2026. We'd love to have you on board.

And if you see a volunteer helping out – whether they're directing traffic, serving food, or handing out programs – give them a smile or a thank you.
